To The Sanitary Engineer,

Sir,

In forwarding herewith for your information Copy of Ch. Secy's docket, Camp No 41, of the 27th Feb: last regarding the filling of the ditch on East, South, & West of the Fort at Mozakota ~~I have the honour to state that I have again inspected the spot to-day and I have the honour to state that I do not~~ It does not strike me that there is much to consult you about. It is simply filling the trench with the earth of the walls. If you will find time to go to the place the matter can be disposed of in a few minutes I have &c.

No.

Sir,

Your No. 3579 dated 30th ult. in re filling in the sewer on the north and west of the Fort at Stockholm.

Referring to above I have the honor to inform you that I inspected the 10th inst. and that there is no objection

to the proposed filling in of the Fort ditch as explained by the Amildar being carried out.

I have the honour to be
Sir,
Your most obedient Servant

Received 27/2

Camp

Enclosures No. one

General No. 4

No.

Petition, dated 21st February 1894, from Munusami and others of Hoskote, praying that the Darkast for the trench to the West of the Fort at Hoskote, presented by some one of the place to the Amildar, may not be granted, as the trench water has been useful for the people and cattle.

— " —

Has the honor to forward the above petition, and to state that the

on the north of the Fort, which is also the Kode Channel of Chickere, may be useful and retained for the present; but the filling in of the ditch on other sides will be an advantage to the town and may be carried out by the Municipality on consultation with the Sanitary Engineer.

By Order

Sd/- K. Balasingam

for Chief Secretary.
